CAREER OBJECTIVE

Aspiring IT professional currently pursuing MBA in Information Technology and a B.Tech graduate with a specialization in Computer Science, eager to leverage technical expertise and business acumen to drive digital transformation and innovation.

WORK EXPERIENCE

Cybersecurity   Jun 2025 - Present
Internzvalley, Virtual

Web Development • Internship   Jun 2025 - Present
CodSoft, Virtual

Artificial Intelligence (AI) • Internship   May 2025 - Jun 2025
CodSoft, Virtual

I had the opportunity to work on real-world AI projects, gaining hands-on experience in machine learning, deep learning, and intelligent systems. This journey pushed me to think critically, embrace new technologies, and grow professionally.

Web Development • Internship   Sep 2022 - Oct 2022
Srchout, Virtual

Converted figma design frames to React and Ionic application.
Worked on a task management app and also created a social media app from scratch. Bug fixes in other projects as required.

EDUCATION

MBA, Information Technology   2024 - 2026
Symbiosis Institute Of Computer Studies And Research

B.Tech, Computer Science & Engineering   2019 - 2023
Techno India University

CGPA: 8.00/10

Senior Secondary (XII), ISC   2019
Science

The B.G.E.S School (ISC)

Percentage: 76.00%

Secondary (X), ICSE   2017
The B.G.E.S School (ICSE)

Percentage: 75.00%

TRAININGS / CERTIFICATIONS

Generative AI Foundations
May 2025

UpGrad And Microsoft, Virtual

I learnt how generative AI systems are based on machine learning models, especially large language models and generative adversarial networks. These models are trained on large datasets to understand context, grammar, structures and style.

Introduction To Generative AI
May 2025

UpGrad, Virtual

This course has been an exciting experience where I expanded my skills and deepened my understanding in Introduction to Generative AI. It taught me how to write prompts in the best way and work with Generative AI.

React
Apr 2023 - May 2023

Internshala Trainings, Virtual

Successfully completed a 6 weeks online certified training on React. The training consisted of Introduction, Tic Tac Toe Game, Box Office App, Chat Application, Custom Backend, and Assignment & Summary modules. In the final assessment, I scored 72% marks.

PROJECTS

NFT Landing Page ↗
Jul 2022

This is a NFT landing page website made using React. SCSS has been used for styling and Scroll Reveal library for animations. I have also used React Icons library for the icons. It is a responsive website.

Dashboard Admin Panel ↗
May 2022

This is an admin dashboard made using React and Styled Components. Recharts has been used for the chart library.

Travelo ↗
Mar 2022 - Apr 2022

This is a responsive travel agency website made using react and styled components. Scroll Reveal has also been used.

Food Yummy ↗
May 2022

This is a restaurant website made using React and styled components. Scroll Reveal and React Icons library has been used for animations and icons. It has a responsive navbar with some hover effects.
It is completely responsive for all the devices.

Bitcoin Animated Website ↗
Mar 2022 - Apr 2022

This is an animated website made using ReactJs and Styled Components. Scroll Reveal has been used in the navbar.
